

Schematic Representation of Various filling systems :

1. Eyedropper filling for eyedropper-fillers and safety-fillers
2. Simple piston, as used by Onoto, for example
3. Suction tube = the principle of the built-in eye- dropper – as used by the Rappen by Pelikan, for example
4. Twisting the rubber sac
5. Elastic tank with lever mechanism
6. Capillary system (ink reservoir is filled with ab-sorbent material)
7. Piston Fountain Pen With Differential Screw trans- mission
8. Catridge filling system
